DESIGN

In **Giblor's** lo diciamo sempre, sono i dettagli a fare la differenza: selezioniamo gli articoli con grande cura e attenzione per il design, per proporvi calzature che siano una perfetta combinazione tra funzionalità, salute ed estetica. I prodotti che troverete in questo catalogo offrono protezione e sicurezza, senza rinunciare ad un'immagine moderna ed accattivante, studiata per coordinarsi al meglio con le nostre collezioni di abbigliamento professionale.

SALUTE

Le calzature sono uno strumento di lavoro che deve adattarsi ad ogni tipo di esigenza. Nel settore ristorazione come in quello medicale e wellness, il comfort viene prima di tutto, perché sono davvero molte le ore di lavoro trascorse in piedi. Ma le calzature devono assicurare anche massima protezione e salute dei piedi: seguendo i principi biomeccanici, le calzature che **Giblor's** propone in questo catalogo garantiscono una regolazione adeguata e una cura completa del piede, offrendo inoltre la possibilità di incorporare supporti ortopedici specifici dell'utente.

COMFORT

Selezioniamo esclusivamente calzature di alta qualità: le solette sono realizzate con materiali trapuntati e traspiranti, che mantengono la suola del piede asciutto e lasciano evaporare il sudore. Le calzature sono foderate all'interno, si adattano alla morfologia di ogni piede e, grazie ai trattamenti antibatterici a cui vengono sottoposte, prevengono la proliferazione dei microrganismi e dei cattivi odori. La suola è realizzata con materiali morbidi in grado di assorbire gli impatti che si verificano sul tallone quando si cammina, ed è composta da ampie scanalature che facilitano l'evacuazione dei liquidi e evitano di scivolare su qualsiasi superficie, asciutta o bagnata.

DESIGN

As we at **Giblor's** always say, the details make the difference: we select the items with great care and attention to design, to offer you shoes that are a perfect combination of functionality, health and aesthetics. The products that you will find in this catalogue offer protection and security, without giving up a modern and captivating image, designed to best match our professional clothing collections.

HEALTH

Footwear is a work tool that must adapt to every need. In the Ho.Re.Ca. sector as in the Health and Wellness, comfort comes first, because there are many hours of work spent standing up. But footwear must also ensure maximum protection and health of the feet: following the biomechanical principles, the shoes that **Giblor's** offers in this catalogue ensure adequate adjustment and complete care of the foot, also offering the possibility of incorporating user-specific orthopedic supports.

COMFORT

We only select high quality footwear: the insoles are made of quilted and breathable materials, which keep the sole of the foot dry and allow the perspiration to evaporate. The shoes are lined inside, they adapt to the morphology of each foot and, thanks to the antibacterial treatments to which they are subjected, prevent the proliferation of microorganisms and bad smells. The sole is made of soft materials able to absorb the impacts that occur on the heel when walking, and is composed of wide grooves that facilitate the evacuation of liquids and avoid slipping on any surface, dry or wet.
